

MUSIC

What is it like to learn music at Sheriff Hutton Primary School?

Music is taught through a mixture of discrete lessons and sessions linked with cross-curricular themes.

Children perform to their class and to the whole school.

In July every year, Key Stage 2 children present a musical performance at the Village Hall. The whole community is invited.

Class teachers and specialist teachers teach music.

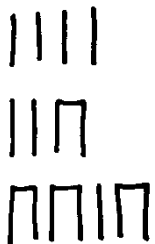

The children lead musical events in the local churches such as carol services and festivals.

Every year we take part in the Young Voices Concert in Sheffield.

We learn about musical notation and listen to a wide variety of musical styles.

We welcome performers and musicians – we love to listen to them and find out more about different types of music.
